Comments:

Contact: Carolyn Marinan (Carolyn.marinan@hennepin.us)

The Hennepin County Medical Examiner’s office is actively investigating the death of George Floyd and awaiting final results from laboratory studies to provide the most medically accurate cause of death determination possible.

The Medical Examiner recognizes the public expectation for timely, accurate, and transparent information release, within the confines of Minnesota law. However, the autopsy alone cannot answer all questions germane to the cause and manner of death, and must be interpreted in the context of the pertinent investigative information and informed by the results of laboratory studies.

Under Minnesota state law, the Medical Examiner is a neutral and independent office and is separate and distinct from any prosecutorial authority or law enforcement agency.

No further information is available at this time.
